DEDICATION

The Class of 1966 dedicates the Spectator with affection and admiration to Mr. Andrew Hudec, guidance counselor of the Hillside School. Joining the faculty in 1964, he has worked with Mr. Kritzberger and the staff toward the betterment of our school. Mr. Hudec has undertaken many extra activities in order to provide Hillside students with greater opportunities. A man of great understanding and a friend to everyone, Mr. Hudec has made a deep and lasting impression on all Hillside students.

Our Cheerleaders

These enthusiasts represented the Hillside Cheerleading Squad of 1966. Many times their optimism spurred our team on to victory. The girls' never-ending cries of, "Let's go, Hillside!" aroused the school spirit in all of us.

We extend special thanks to our cheerleaders and their sponsors, Mrs. Coddington and Miss Bronner.

A Fond Farewell

Now that the hour for our departure approaches, we pause for a moment to reminisce about our stay at Hillside. When most of us entered sixth grade, we were children. As we leave, we are well on the road to adulthood and are approaching the most exciting part of our lives with mixed emotions.

I am reminded of a story about a crab written by Robert Russel, for in many respects an adolescent is like a crab. A crab makes his own shell. When the shell gets too small, it splits and the crab crawls out. While he grows another shell, he is extremely vulnerable. This process continues through successive shells until the crab makes a shell that is so strong that it cannot split. Then the crab dies. In just this way we make shells of security from the familiar walls and ways of our school. But now we must break out of our shells and go onward toward the unknown. Let us hope that our shells are such that they may split, and allow us to go on to each successive shell as each of us prepares for a fruitful life.
